## TOWN WARRANT

### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hollis in the County of Hillsboro in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Hollis on Tuesday, the thirteenth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear the reports of the Selectmen and other Town Officers and Committees.
4. To see if the Town will vote to authorize the Treasurer under order of the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to accept State Aid for the construction of Class V. roads and appropriate the sum of \$771.43.
6. To see if the Town will vote to allow 2% discount on taxes paid before August 1st, 1945 and assess fines of twenty cents on all poll taxes not paid by September 1st, 1945.
7. To see if the town will vote to support United States membership in a general system of international cooperation, such as that proposed at the Dunbarton Oaks Conference, having Police Power to maintain the peace of the world.
8. To see if the Town will vote to appropriate \$4,500.00 to capitol reserve from unincumbered surplus to be used as follows: \$1,000.00 for Fire Department, \$1,000.00 for Town Hall improvements, \$500.00 for Town Maps and \$2,000.00 for Post-War Fund.
9. To see what action the town will take in regard

*500 copies*  
*Every 1 get*  
*a copy -*  
*27-30*  
*43-44*

to the purchase of new Highway equipment.

10. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and forty-five.

CLARENCE L. HOWE  
EDWARD LIEVENS  
MILTON D. WRIGHT

Selectmen of Hollis

A true copy of Warrant—Attest:

CLARENCE L. HOWE  
EDWARD LIEVENS  
MILTON D. WRIGHT

Selectmen of Hollis

M. D. WRIGHT

EDWARD LIEVENS

Selectmen of Hollis

## **ANOTHER ENEMY TO CONQUER**

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.
2. Never burn unless you have enough help to control your fire — a permit does not excuse you of negligence in case it gets away.
3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.
4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.
5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.

**KEEP NEW HAMPSHIRE GREEN**

# COMPARATIVE STATEMENT OF APPROPRIATIONS AND EXPENDITURES

FISCAL YEAR ENDING DECEMBER 31, 1944

## SCHOOL WARRANT

### THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School district in the town of Hollis, N. H. qualified to vote in district affairs:

You are hereby notified to meet at the Lower Town Hall in said district on the twelfth day of March, 1945, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year. *W. Towne*
2. To choose a Clerk for the ensuing year. *H. Wilson*
3. To choose a Member of the School Board for the ensuing three years. *Beryl Orde*
4. To choose a Treasurer for the ensuing year. *H. Wilson*
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant. *H. Hardy*  
*D. Goodwin*
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see how much the district will appropriate for Insurance and New Equipment for Shop and Home Economics.
10. To see if the district will authorize the School Board to enter into a new rental agreement with the

Aurora Lodge, I. O. O. F.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Hollis, this thirteenth day of February, 1945.

RUTH E. WHEELER  
DANIEL BROCKLEBANK  
ARTHUR G. DAVIS

School Board Treasurer and Clerk	50.00	50.00

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Hollis:

I herewith present my 6th annual report, the 26th in the Series. I shall discuss but two topics: Teachers and Recommendations.

### TEACHERS

All I seem to do is to find some new teacher, either regular or substitute. I cannot be free to attend to the duties I would like to, and should, perform. In the search for teachers, I need not remind you that the supply is limited. There are many reasons why teachers are reluctant to accept positions in a small town. These reasons are salary, living conditions, transportation, and too many grades or subjects to teach. The school board and the writer have experienced all these problems in trying to man the staff in Hollis. Many a school has had to close due to the lack of teachers. We do not wish this to happen here. Therefore, it is imperative that we appreciate the faithfulness of the present teachers and we consider it fortunate that other arrangements for schooling have not been made, that this opportunity has been accomplished at home.

The present staff is:-

Stewart V. McCormack	Headmaster, Mathematics
Edward V. Comerford	Agriculture, Science
Pearl Rideout	Social Subjects, Language
Mrs. Edith Batchelder	Home Economics, Civics
Mrs. Grace Lull	Grades 7 and 8
Mrs. Madeline Denault	Grades 5 and 6
Lucinda Read	Grades 3 and 4
Mrs. Helen Denault	Grades 1 and 2
Ethelyn Edwards	Music

The need for people to train as teachers is very great. War-time birth rates are high. These children will soon be old enough for school. What, with more children and a smaller number of teachers, will be the result? Now is an excellent time for a young lady to train for an

important post-war job, which gives security of employment at a more adequate salary than ever before. I urge you, perhaps in your own interests, to have your young people consider a teaching career.

### RECOMMENDATIONS

1. In order to attract teachers or even to pay them when they do become available, an adequate salary level should be developed. Build up a reputation for paying well long before the need arises for replacements. For your study, I suggest the following:

Training	1st yr.	2nd yr.	3rd yr.
3 yrs.	\$1,200	\$1,300	\$1,400
4 yrs.	1,300	1,400	1,500
5 yrs.	1,400	1,500	1,600

It should be recalled that the average salary of elementary women teachers last year was \$1,244.56; of secondary women teachers \$1,586.03. These figures will, without doubt, be more this year and still higher next.

2. You have been very generous in providing for repairs, for insulating, and other similar items, that one hesitates to mention major items. However, to save expense in future years, the building should be painted. Exteriors should be painted regularly every five or six years.

I am very appreciative of the cooperation of the School Board and citizens of Hollis, and the faithful efforts of the teachers.

Very respectfully,

HAROLD C. BOWLEY

February 3, 1945

Supt. of Schools

### Credits for Men in the Service

(These are approved for students from Hollis High School)

1. Credit may be earned for certain types of experiences in the armed forces and for correspondence courses provided the reports of such experiences and courses are made by the United States Armed Forces Institute in Madison, Wisconsin, with which we have been cooperating from the first.

2. A maximum of two credits may be allowed for basic training in the Army; one unit for basic training in the Navy.

3. One who was a senior when he left high school will not be denied a diploma if he has not had U. S. Constitutional History and a fourth year of English.

4. One who rated lower than a senior when he left high school to enter the armed forces should plan on taking a year's course in U. S. History by correspondence. He should be advised to take additional courses in English by correspondence. If further courses are to be taken by correspondence, they should be selected on the basis of the young man's interests and needs and the value of the course in terms of high school standards.

#### **GENERAL STATISTICS FOR SCHOOL YEAR, 1943-44**

Number of different pupils enrolled

Boys 95	Girls 71	Total 166
Average Elementary Membership		106.77
Average High School Membership		44.98
Per Cent of Attendance for year		93.67
Number days schools were in session		176
Number cases of tardiness		123 ✓
Number not absent nor tardy		6
Visits by School Board members		51
Visits by Superintendent		150
Visits by Citizens		359
Number School Board meetings held		13

#### **Perfect Attendance, 1943-44**

Thelma Glover, Margaret Small, Ernest Wildman, Frances Wright, Fred Nichols, Peter Roberts.

#### **Return of School Census — Sept. 1944**

Number enumerated 5 to 16 years of age

Boys 81	Girls 56	Total 137
Number of children 5 to 16 in local schools		130
Number of children 5 to 8 not in school		5
Number of children 14 to 16 not in school		1
Number of children 5 to 16 attending schools outside		1
Number of children over 16 attending school		24

## REPORT OF HEADMASTER

---

Mr. Harold C. Bowley  
Superintendent of Schools

An administrator's task is largely determined by the policies which he is trying to carry out and which must be determined by a composite study of all local and other philosophies of education consistently interpreted in terms of the regulations presented to him.

In a "people's war", victory depends upon the efforts of a united people able and willing to give their best to the common cause. How much of himself a person is willing to give depends upon his interest in the objective and is a measure of his morale. This morale may be simply the will to live, but it is in action that morale reaches its height. In action, in doing something, we express our belief and our wish to help in the common cause, and we find the best antidote against fear, useless talk, suspicion, the subtleties of propaganda, destructive criticism, defeatism, and all the other signs and symptoms of poisoned morale.

The morale of our school has been the morale of action, of work for a specific purpose, of youth, eager and strong and daring, with all the world before it. To the schools of America the country turns for the training of its boys and girls in essential wartime skills; for the toughening of their moral, mental and physical fiber; and for the strengthening of their devotions to the cause of democracy. Many of our young people have gone or may go fresh from school to places which are nothing now but names on a war map, with the destiny of their country committed into their hands. Before all of them lies a world in ruins, to be built again, in freedom and in mutual trust, when the war is over.

It is essential for these young people to be conditioned mentally and emotionally to changes war will bring into the stable, secure life to which they have become accustomed. Such adaptability is the human capacity to change the environment to suit one's self or to change one's self

to fit the environment. In this sense, adaptability is a quality of the intelligence. It is not the granite or oaken quality that makes an obstinate person prefer to be pulverized rather than to admit that changed conditions call for changed methods of attack or defense. The most important adjustments which our pupils will be called upon to make are occasioned by the drastic upsets which war has brought into their lives. The fact that the growing-up process has been tremendously accelerated does not mean that the old problems of childhood have all been solved. The conflicting desires of wanting to be adult in outlook and achievement on the one hand and secretly wishing for the dependence and security of childhood on the other, will continue to bother many young people and will even be accentuated by the great things we now expect of them.

Parents and teachers who unite their youths in worth-while activities related to the new enthusiasms created by the war can do a great deal to help young people keep their balance in these troubled times. Like most educators, we are making a real attempt to adapt the curriculum to meet the challenge which is uppermost in the minds of youth—to promote opportunities for the acquisition of specific skills necessary for the war effort to give the training in mathematics, sciences, and foreign languages for which the armed services and the government are clamoring and at the same time to equip our pupils with the initiative, open-mindedness, stability, capacity for teamwork and leadership, and the physical and mental health and vitality that will be essential in the post-war period.

Under physical health I refer you to the health report which follows on another page. Mrs. House and Dr. Winograd should be commended for their intimate knowledge of the local problems and the constant follow-ups by Mrs. House. There are available valuable clinical facilities in Nashua which are not adequately used by Hollis residents although benefits would result from their use. The noon-lunch problem has been solved by the use of the public cannery in the basement of the school.

Menus edited by Mrs. Edith Batchelder, Home Economics Instructor, are ably prepared in the well equipped cannery. We generally serve over one hundred pupils daily. Much food has been donated and this has contributed materially to the success of the program.

Physical exercise for the younger pupils is continually dictated by the weather. We tried having high school pupils supervise recess periods of games for the elementary pupils and perhaps this program can be extended because there is a definite need for such a program. For the grades 7 - 12 we have curtailed most Fall and Spring activities leaving only basketball for the winter season. Membership on both boys' and girls' squads has been exceptionally good. Success as measured by games won has been negligible. Next year will find two full squads of boys with one season of competitive experience and a very strong girls' team. Perhaps the boys and girls of Hollis deserve more direct support of their health program. It is hoped that the prospective Recreation Council will be liberally minded and active enough to foster better financial and physical facilities for these youngsters. Most schools now promote informal gym training from the lowest grades. Our boys and girls are of the best calibre and should not lack for an adequate plant in which to operate.

Parents of pupils with perfect attendance records are to be highly commended for we know that they are exerting a good influence on the future performance of their children. It is with pride in these achievements of these pupils that we present the attendance Honor Roll.

Perfect attendance for Half Year 1944-1945: Alberta Cave, Mary and Richard Duncan, Arthur Durant, Thelma Glover, William Lawrence, Janice Marvell, Juanita and Robert Nartoff, Fred Nichols, Allan Orde, Barbara Pineo, Betty and Phyllis Simonds, and Frances and H. Arnold Wright.

Perfect attendance for Whole Year, 1943-1944: Thelma Glover, Fred Nichols, Peter Roberts, Ernest Wildman, and Frances Wright.

In the field of adult education which we hear so much of these days, we have successfully presented the Cannery project and two courses in the Repair of Farm Machinery. At least one hundred twenty-five adults have participated during the past year. There are vast opportunities still untouched in this field. It is indeed enriching to local homes when people can get together and under good leadership exchange valuable techniques for living more adequately and then to put these ideas to use with adequate facilities such as are provided in the Agricultural shop and in the Cannery. As stated elsewhere the Cannery is ideally situated and equipped to warrant its use to prepare the noon lunches.

Pupil activities or extra-curricular other than athletic activities have been going through a crisis of a sort. Most pupils and parents are needing to put more hours on manual labor with a decreasing allowance of time for new activities on our part. This will probably serve to strengthen local organizations for boys and girls if the opportunities are hotly pursued. Such organizations as the band, scouts, rangers, and church groups should have their share of pupil time and include every single pupil eventually in some category.

The Juniors and Seniors have recently ably presented two one-act plays under the capable direction of Miss Rideout. Such activities serve better to promote the welfare of all pupils. A Hallowe'en party sponsored under pupil direction entirely, took the interests of about 200 boys and girls that evening. We shall soon have another series of plays and the usual dances.

7 { We have nearly completed organization of a student council with members from grades 7 - 12. Sometimes it is not realized that these activities to be worthwhile must be evolutionary just as our own government was formed.

With proper guidance there should soon be evidence of intelligent pupil participation.

Our recent graduates continue to help us keep faith in them. Accomplishments of Sylvia Small '43 and Mary Worcester '44 in simultaneously aspiring to the Dean's

List at the same school is a great honor to their parents as well as the school of Hollis. In the field of battle our boys have likewise won their share of bronze stars and other awards. There are other success stories of these graduates which serve to strengthen our faith in their teachers and the parents of all these boys and girls.

Graduates of the Class of '44 were: Geraldine Denault, Bradford Duncan, Gloria Gustafson, Audrey Lund, Ralph Lund, Francis Molis, Donald Petry, Arlean Turner, Richard Walker, and Mary Worcester. Of these, Donald Petry has already made the supreme sacrifice in giving his life while in action with the U. S. Marines in his country's service.

In conclusion I would like to suggest that there be established a temporary post-war planning committee to acquaint the citizenry with the general educational problems which must be faced in the near future. Perhaps such a study would be well worthwhile at this time of changing conditions.

It has been a pleasure to work with local parents, teachers and pupils in this trying year. Such splendid cooperation makes for educational progress.

Respectfully submitted,

STEWART V. McCORMACK

Headmaster

---

## REPORT OF SCHOOL NURSE

Hollis, N. H.

January, 1945

To the Superintendent, School Board Members and Citizens of Hollis:

I herewith submit my annual report as school nurse of the school health program from January, 1944 to January, 1945.

	Corrections
No. of pupils given physical examination	173
No. of pupils having dental defects	76      53

No. of pupils having tonsil defects	8	5
No. of pupils having hearing defects	3	3
	(Lip-reading)	
No. of pupils having visual defects	8	6 — ?
No. of pupils having orthopedic defects	2	

During the months of May, June, November and December, 1944 the following cases were reported:

15 Scarlet Fever	4 Mumps
9 Strep Throats	2 Chicken pox

During this period practically a daily inspection of pupils in school was made and a number of throat cultures were taken.

At the beginning of school in the Fall all pupils were given a thorough physical examination by Dr. Abbott Winograd, school physician. In general the physical condition of the pupils is good.

The audiometer test was given in October to pupils from the second grade through high school.

The hot meal served to pupils at noon must be a convenience to parents as well as being an asset to the children's health.

The fine cooperation given by the parents and teachers in helping to carry on a successful health program is greatly appreciated.

Respectfully submitted,

HELEN J. HOUSE, R. N.

School Nurse

## VITAL STATISTICS
